COMPANY PROFILE

SHIKUES semiconductor, comes from Taiwan, one of the world's leading semiconductor discrete component manufacturers, provides a variety of semiconductor products and software for engineers and designers. It brings high-quality sensory experience in the field of automotive, communications, computer, consumer electronics, LED lighting, industrial, medical, aerospace and power application.

Since its inception, under the guidance of core philosophy "SHIKUES makes good products equipped with good chips", SHIKUES takes security, low energy consumption, high performance as the purpose. R& D strategy has never been changed, nearly 1/4 employees working in the field of research and development and product design. R& D costs account for around 22% of total revenue every year. In efforts of the young, full of dreams and passion employees, SHIKUES has developed rapidly. The products are exported to North America, Europe and the Asia Pacific region. SHIKUES is considered to be an innovative companies in the semiconductor industry.

SHIKUES will continue to optimize the products in the security, energy consumption and performance, more flexible to satisfy the design engineers and the changing needs of the market, and offer full support from concept design to production. Looking to the future, SHIKUES will continue to create value for customers, employees and the whole society based on innovation. SHIKUES will focus on how to improve quality of people's life by reducing energy consumption, improving security and performance. SHIKUES will go to all lengths to fulfill the promise.

SHIKUES semiconductor is good strategic partner for engineers worldwide.

SHIKUES MAKES GOOD PRODUCTS

EQUIPPED WITH GOOD CHIPS

Security
Low energy consumption
High performance

VISION

To become a world-class semiconductor discrete components solution provider

MISSION

To offer good products equipped with good chips to worldwide customers

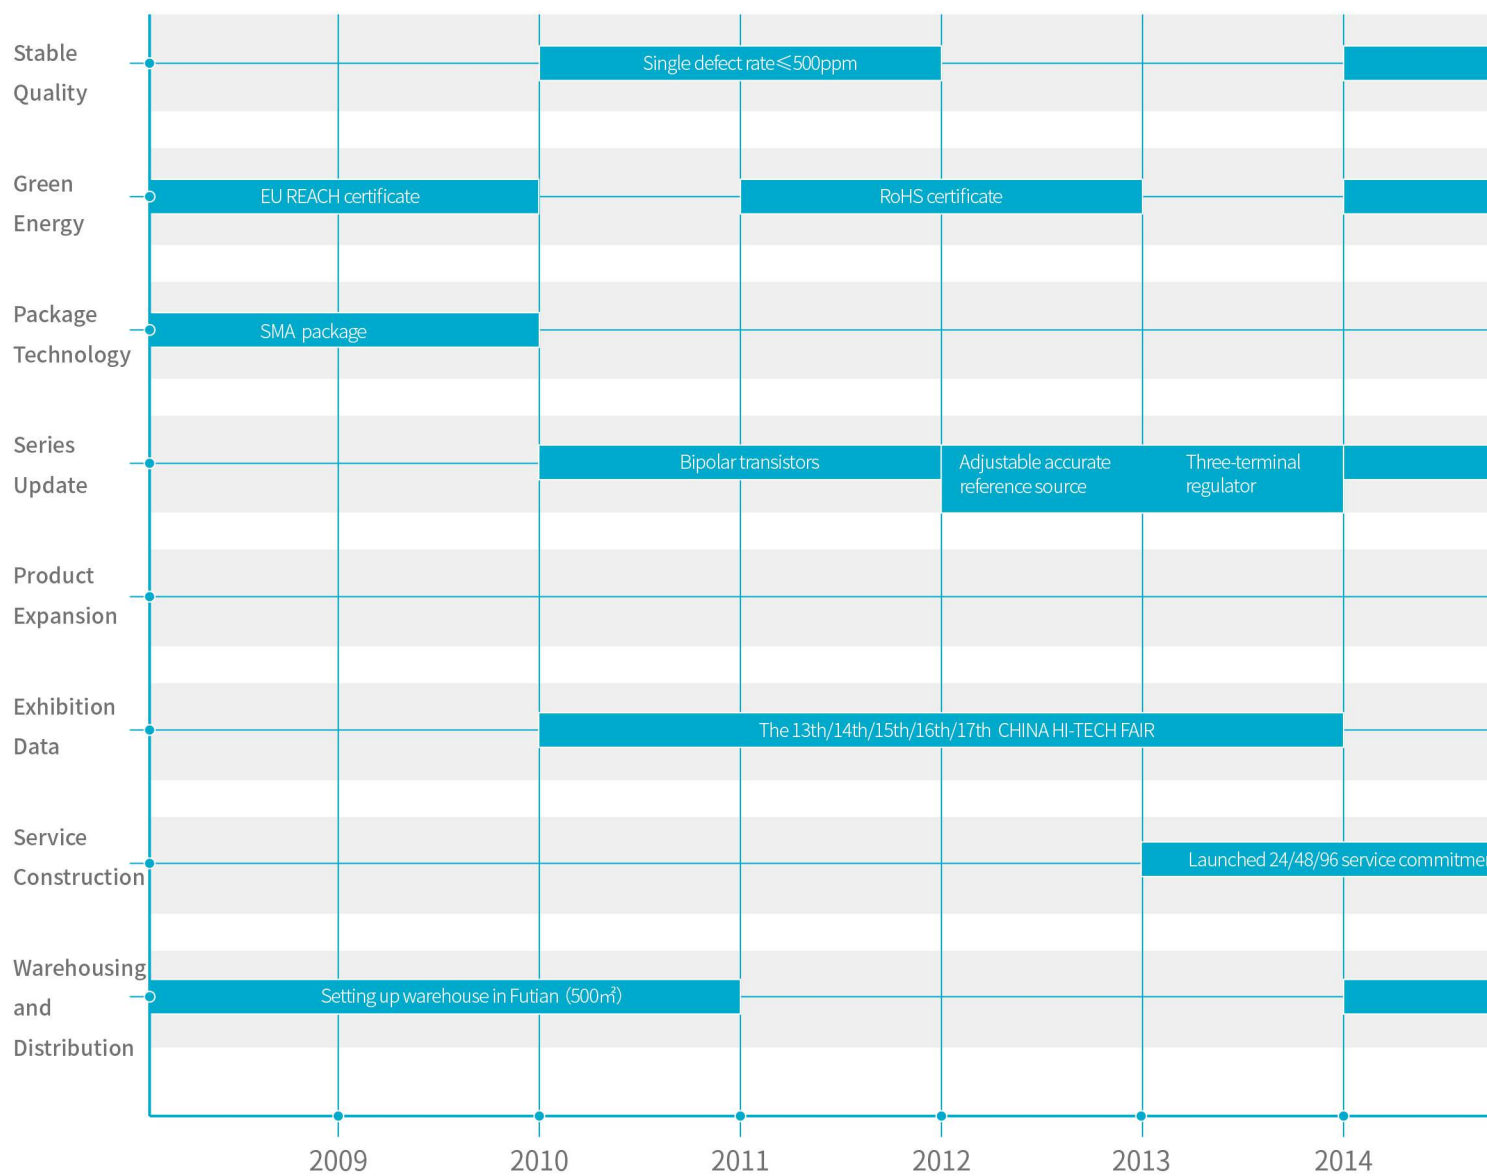

VALUES

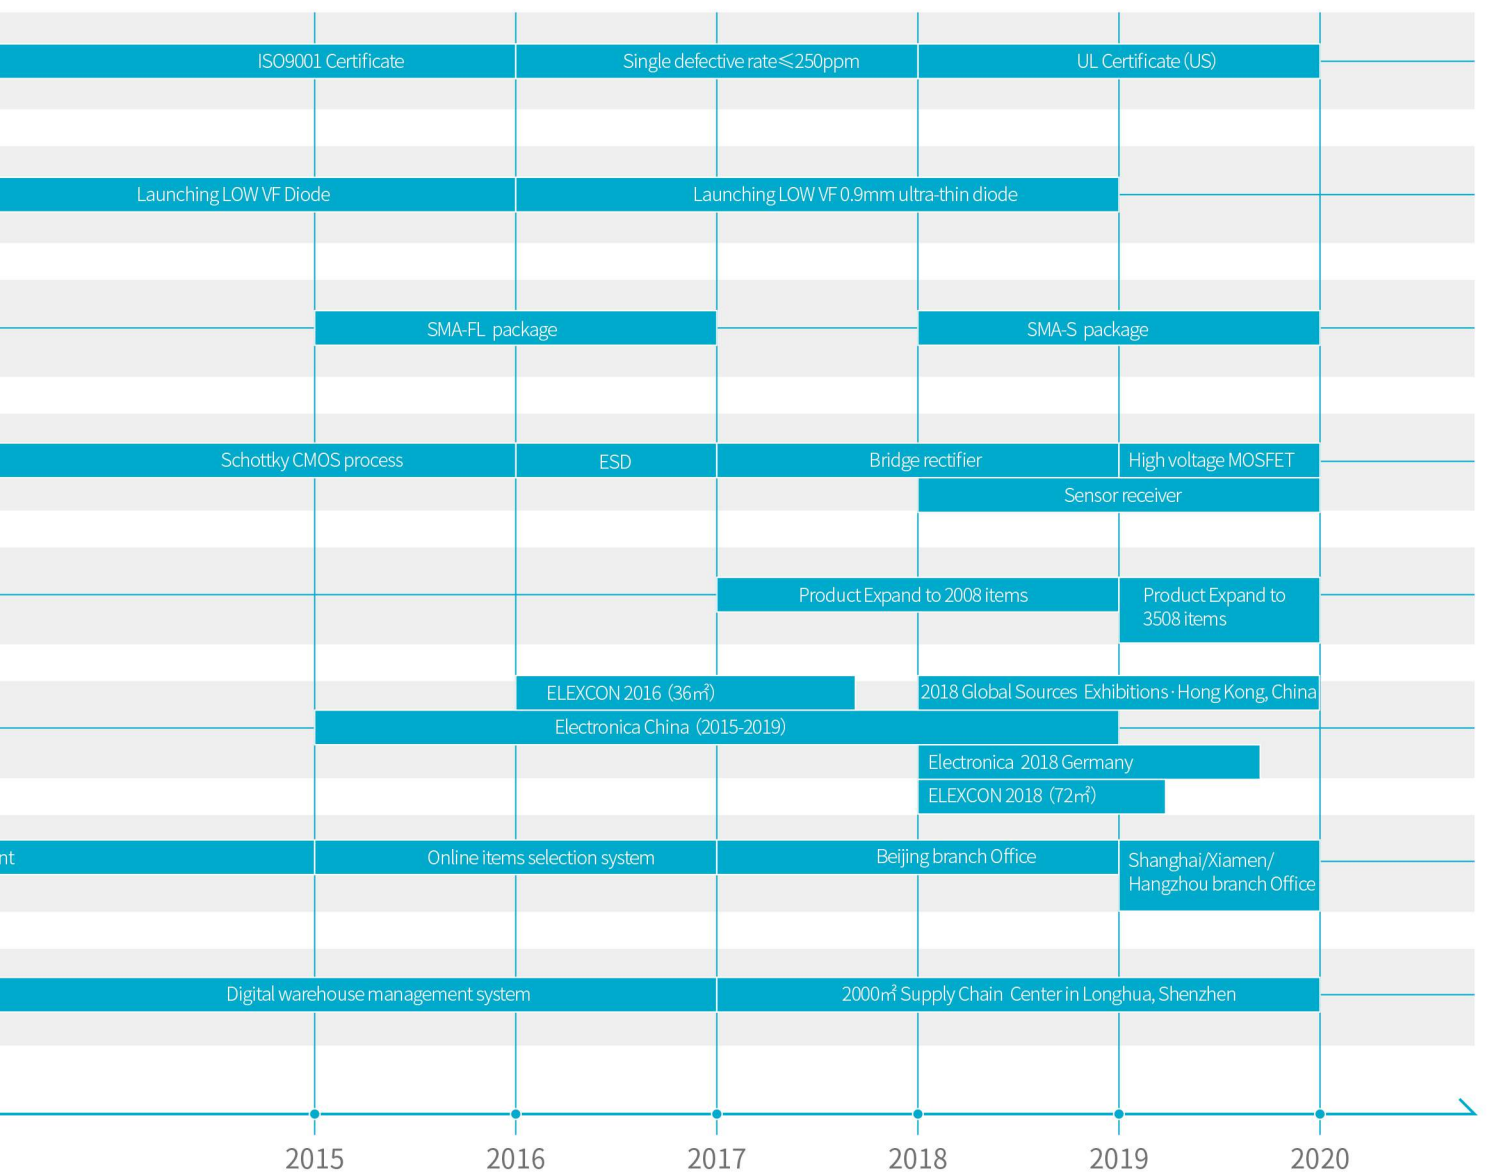

Focus on products ,customer first

Center on “Brand-building”, insist on two basic points- “Quality upgrade” and “R&D innovation”

SHIKUES GOOD CHIP HISTORY

Since its inception, perform good chip mission constantly

MODERN PRODUCTION LINES

R&D investment exceed 22% of the total revenue every year

GLOBAL DEVELOPMENT STRATEGY

Deeply cultivated in mainland and developed coastal cities, with sales network in more than 50 countries around the world.

4S GOOD CHIP STANDARD

Choosing SHIKUES is to choose good chips

System	High performance: SMA-S high heat dissipation package			
	Low energy consumption: ultra-thin LOW VF diode series products			
	Safety: RoHs/ISO/REACH/UL quality certification			
Support	100% genuine product	Full time delivery system	Special price for special case	Quick selection online
	production, delivery and service offered by original manufacturer	self-operated supply chain center, digital management system, quick response to emergency demand	competitive price to satisfy qualified customer's demand	APP, JD, Wechat official account, shikues.com
	Full product line	Special delivery for special case	Customization	Technical communication activities
	cover 16 categories more than 4000 items	Free delivery for pearl river delta customers, priority delivery for diamond customers	offering customization service according to special product solution	2-4 times seminars per year (Free of charge)
Service	Quick response	One-stop technical support	Instant/customer report system	Distribution incentive system
	communication in 24h solution in 48h full refund if not solved in 96h	helping to selection, solving tough problems, following up customization	specially-assigned person help authorized distributors to search instantly	related incentive system for different level distributors
	Exclusive product management	Product catalogue update	After sales service and return visit	Integrity cooperation code
	specially-assigned person to manage the products according to customer's demand	1-2 times per year	via phone, online communication tools, meeting in the company or the production site, etc.	be sincere to customer, sunshine purchase, keeping commitments
Supervision	Do as promised, strictly abiding by the above standards			
	Accept every customer and friend's supervision (General manager's email : gm@shikues.com)

CUSTOMER TESTIMONIAL

In the past five years of cooperation with Baykee, SHIKUES products have been sold all over the world through combination with Baykee products and have played an decisive role in various fields. The products are used in projects in “One Belt One Road”; in a dozen high-speed railway lines including Wuhan-Guangzhou line, Xiamen-Shenzhen line, Shanghai-Kunming line and Lanzhou-Xinjiang line. In the five years deep cooperation, Baykee has made remarkable achievements in the power industry using SHIKUES good chip products.

Baykee (Guangdong) Technology Co., Ltd.
Ye Deming (Purchasing Director)

SHIKUES has an efficient technical and service team, and is also very professional to assist in material selection. They also provide very careful follow-up services to special customization requirements. For example, the global ultra-thin low VF rectifier diode launched by them is 0.9mm thick, which is very suitable for some small ultra-thin products. More importantly, SHIKUES provides us with fast and efficient logistics and distribution support to meet the sudden demand and respond in the shortest time, which is very important and critical for our science and technology enterprises.
